

IBERITAL **VISION** BARCELONA

**The future of efficient, connected and sustainable machines has arrived.**

High tech, high touch

A beautiful machine designed to lead the healthiest, friendliest and most efficient future

# VISION concept

## **INDEPENDENT MULTIBOILER SYSTEM**

A perfect thermal stability in every service. Program different brewing profiles and water flow rates.

## **FULLY CONNECTED MACHINE**

With Iberital Connect, Big Data will be your new best friend. Use the tablet included with your VISION.

## **THE HEALTHIEST MACHINE**

Our multiboiler system is nickel and lead free.

## **EFFICIENT ENERGY SAVER**

Enjoy VISION's eco-design and save energy by choosing the mode that best suits your needs.

## **INDEPENDENT WATER CIRCUITS**

Water for infusions is always served with fresh water. Control the temperature and the amount

## **DESIGNED FOR A NEW ERA**

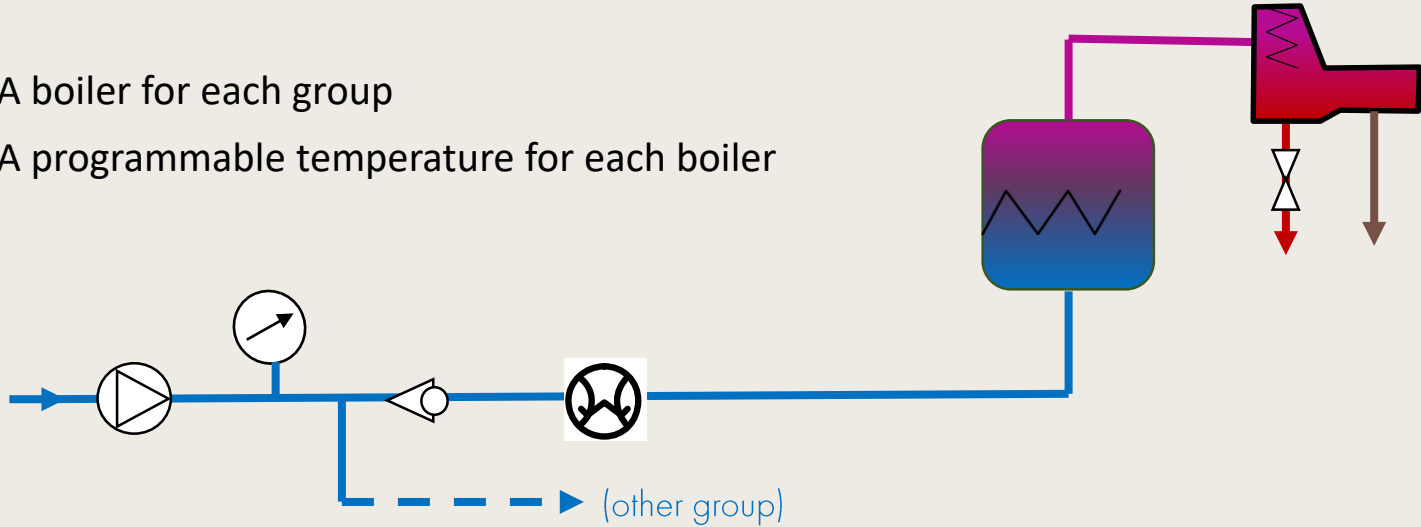

High tech, high touch. A beautiful machine with the finest technology.

## INDEPENDENT MULTIBOILER SYSTEM

A boiler for each group

A programmable temperature for each boiler

NEW DESIGN:

network → common standard pump → manometer → (other) → volumetric → coffee boiler w/heating  
→ grouphead w/heating → portafilter

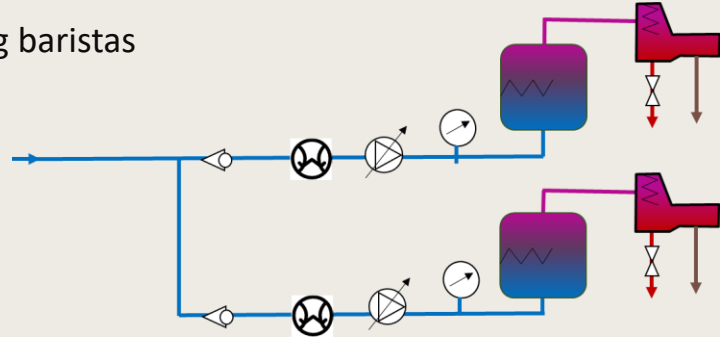

## VISION BREWING PROFILING

### Brewing profiling option

Precise flow and pressure control for the more demanding baristas

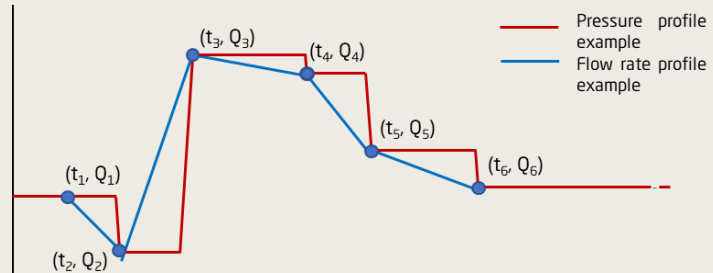

#### Hydraulics

- Independent pump for each group, with electronically controlled stepper motor. Electronic pressure detector + volumetric counter

#### Smart control

- Flow & pressure programmable profiles

## **PERFECT WATER CONTROL**

200 ml of pure water at 95°

This is what we mean when we promise precision in every water delivery

Coffee, Tea and Steam have now their own, completely independent, water systems and pipes. This way, the water used in each delivery is always served in its best quality, without any residual salt, mineral or alkalinity.

**CONTROL THE  
TEMPERATURE AND  
THE AMOUNT  
OF WATER IN  
EVERY DELIVERY**

**SET UP TO  
4 DIFFERENT  
DELIVERY  
PROGRAMMES**

**WATER AND  
STEAM HAVE NOW  
INDEPENDENT  
CIRCUITS  
AND SYSTEMS**

## **VISION STEAM SYSTEM**

Independent big steam boiler with smart control & cool wand

### Capacity

- Large steam boiler capacity: 14 liter (2G version), 20 liter (3G), 6 liter (1G)

### Ergonomics

- Cool touch steam wand with customizable tip
- Steam tap with cool metal knob with  $\frac{1}{4}$  turn for steam

### Smart control

- PID Temperature control
- Smart electronic control of heating and water replenishment
- Boiler water renewal automatic programmable cycles

# VISION App

With VISION App the Barista can set and control all machine parameters directly from the tablet \*:

- Groups and steam temperature
- Dose Regulation
- Pre Infusion Regulation
- Brewing profiling (optional)
- Coffee statistic
- Hot water temperature and dose in ML (4 programs available)
- Save and share recipes with other VISION users
- Maintenance warning and alarms (timeouts)

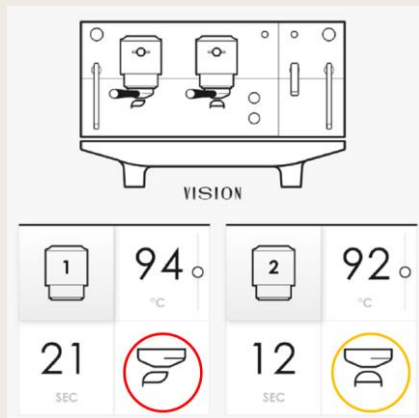

\*Tablet is delivered as Standard with your VISION

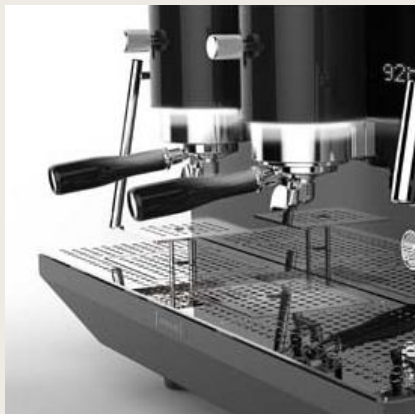

## DESIGNED FOR A NEW ERA

Portafilters detector

Cup elevation plate

Easy pump regulation  
with external screw
